ORGANOIL

105 Carrington St
Revesby NSW 2212
Phone: 1300-799-432
www.organoil.com.au

Col Hosie, from Gifkins Dovetail, uses Organoil's Danish Oil and Natural Wax and Polish, to finish his boxes.

Organoil Danish Oil is based on orange oil so it smells beautiful on the finished piece. It's easy to apply and because it doesn't contain drying agents—it's slow drying—and so won't set in those hard-to-reach corners. It will not harden in the tin; just wash the brush out with hot water and soap.

Organoil products are available from most big hardware stores. Enter your postcode on their website to find your nearest stockist.
